1541. SHRI SURENDRA SINGH THAKUR: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government have developed any alternative liquid fuel to reduce the consumption of petrol and replace it with alternative liquid fuel;

(b) if so, what are the details thereof;

(c) whether high power alcohol has been developed and used in place of petrol by some institution to reduce its consumption;

(d) if so, what are the details thereof; and

(e) in what manner Government propose to increase the production of power alcohol for commercial use as a substitute to petrol?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. GURUPADASWAMY): (a) to (e) Although the technology for blending power alcohol with petrol or using it in substitution of petrol has been established in India, its commercial use as automotive fuel has not been found feasible as surplus alcohol has not been available on a sustained basis for this purpose. Besides, a techno-economic feasibility study on the blending of alcohol with petrol or its use in substitution of petrol as automotive fuel has brought out that alcohol in this country should basically be used for producing value added chemicals. As such, at present there is no scheme under consideration for using alcohol as automotive fuel.
